WHO ARE WE

Our brand's primary commitments is ensuring the safety and well-being of your skin. Bath Towels are an essential part of daily life, coming into direct contact with your entire body, and their safety cannot be overlooked.

An internal study revealed that Towels can become breeding grounds for harmful microbes such as yeast, mold, coliforms, and E. coli bacteria. These microbes can lead to various health issues, including respiratory illnesses, skin rashes, food poisoning, urinary tract infections and allergies.

Doctor Towels, discover a world where feeling good and staying safe go hand in hand.
